- To help pupils acquire the skills necessary to develop and sustain relationships.
- To offer sex education in the wider context of relationships.
- To ensure that pupils protect themselves and ask for help and support when needed.

- To prepare pupils to play an active role as citizens and to understand the Catholic vision of what it means to be citizens of the Kingdom/reign of God.

Our Mission Statement places these aims and beliefs at the Centre of all we hope to achieve...

At St Monica's Catholic Primary School, we know that we are all able to succeed and we work together to ensure that all children are given the opportunities to reach their full potential within a Christ-centred community.

It is with this mission that we share this booklet with our parents and carers. We recognise parents as the first and most important educators of their children and we hope that the information provided here will enable us all to work together in supporting parents in their most important role.

Love

At the heart of Christian faith is love. St. John says that God is love (1 John 4:9) and the whole purpose of Christianity is to live it as fully as possible in and through love. This means that we must link every aspect of our being, from birth to death, with love.

Love starts to enter our life from the moment of birth when we are held tenderly in the arms of our mother and developed throughout our first intimate relationship of childhood with our parents, family members, friends, and teachers. At puberty, sexual characteristics develop, and we begin to seek someone outside of the family with whom we can grow in love, usually ending in marriage.

The whole purpose of education at home and in our primary school is to connect every aspect of growth, physical, emotional, intellectual, and social with love. The goal is to enable adults to fully love themselves (to accept themselves positively) and in turn love their neighbour (making themselves fully available to others).

Through our love for others, we link ourselves with God the Father, through Jesus Christ his Son, and through the Spirit.

The programme for Relationships and Sex Education which we have chosen to share at St Monica's is called 'A Journey in Love'. This booklet for parents and carers outlines how the programme is organised and what is covered in each year group.

A Journey in Love has at its foundation the belief that we are made in the image and likeness of God, and therefore, gender and sexuality are God's gift, reflect God's beauty and share in the divine creativity.

In order that children may grow and develop healthily and as complete human beings, they must understand their gender and the implications for successful relationships, they must be at ease with themselves and grow in self-knowledge.

A different aspect of the mystery of love is explored in each year group and all are encouraged to marvel at the wonder and beauty of God's creative love. This is reflected in each stage of a person's growth, through a series of lessons with activities and reflections which focus on physical, social, emotional, intellectual, and spiritual development.

Themes explored in each year group:

Early Years	The wonder of being special and unique
Year 1	We meet God's love in our family
Year 2	We meet God's love in the community
Year 3	How we live in love
Year 4	God loves us in our differences

How will we organise lessons for Journey in Love?

Before the programme begins ground rules are set with the children regarding the kind of positive behaviour expected of every child,

- All children and teachers treat each other with respect, all questions and answers are listened to in a sensitive and sensible manner,
- Any child who is silly, or disruptive and who deliberately attempts to embarrass or hurt another member of the group will be asked to leave,
- Children may be taught in small groups for some elements of the programme
- Some lessons may be taught in single sex groups as appropriate,
- All children will cover the same topics,
- Lessons may include discussions, presentations, questions, and written work.

What if a child asks a difficult question?

There are specific areas that we feel should not be discussed within the context of our school lessons, e.g., contraception, as we feel that our children are not yet emotionally mature to handle these issues. These are all topics which are dealt with at secondary school.

If a child does ask a question outside the scope of our programme it will be dealt with in a sensitive and caring manner. We would always ask the child concerned to discuss the issue with his/her parents/careers.

How can I help?

- By talking with your child at home
- By discussing their work after each lesson
- By listening to any concerns
- By reassuring your child that you are there if they need to talk about anything at all

Parents' right to withdraw

Parents have the right to withdraw their children from the non-statutory component of sex education in Year 6. This is where sexual intercourse is taught discretely as part of the Physical aspect within Journey in Love. Requests for withdrawal should be made in writing and addressed to the headteacher. The headteacher will discuss the request with parents and take appropriate action. Alternative work will be given to children who are withdrawn from RSE. Parents do not have the right to withdraw their children from Statutory Relationships Education as set out in the DFE guidance 2020.
