RE: Earth Day, Wednesday 22nd April 2026

Dear Parents and Carers,

On Wednesday 22nd April, we are looking forward to celebrating Earth Day in school. Our Eco Warriors are excited to invite everyone to take part in a day focused on caring for our planet and enjoying the outdoors. Children will take part in a range of Earth Day activities focused on the environment. These experiences will encourage them to develop a deeper understanding of nature and to consider how we can care for and protect our planet.

To celebrate, children are invited to come to school dressed in Earth colours or in animal costumes in exchange for a small donation. All donations will go towards fundraising for our exciting new Forest School project, which will help us create more opportunities for outdoor learning.

As we continue to develop our Forest School area and our new prayer garden, we would also love to hear from any parents or carers who have experience in gardening or outdoor projects and who may be happy to support us. We are currently raising money for essentials such as plants, seeds, gardening tools, compost, mulch, watering cans, outdoor seating, gardening gloves, bamboo sticks, storage containers and raised garden beds.

Thank you for your continued support. We are very excited to celebrate Earth Day together and raise funds for our new Forest School area. This will be a long-term project that we will continue to develop, and we are excited to get started.

Kind regards,

Miss Tew and the Eco Warriors
