Dear Parents/Carers,

Re: **Multiplication Tables Check - Meeting school hall at 2:50 pm on Friday 1st May**

The Year 4 Multiplication Tables Check (MTC) will be administered to our Year 4 cohort in June. In order for your child to achieve the best possible results, we would like to invite you to a parents meeting in school.

The Multiplication Tables Check is a test that all Year 4 students take in the country. The test consists of 25 questions on the times tables, from 2 to 12. Students will have 6 seconds for each question, with 3 seconds to rest between each question. The purpose of the test is to see how quickly children can recall their times tables.

During our meeting, we will provide strategies and suggestions on how best to support your child in the run up to their multiplication check.

We will also provide you with information regarding how and when the test will be administered. Here is a video outlining the MTC:

📺 [Multiplication tables check: information video](#)

The meeting will be held in the **school hall at 2:50 pm on Friday 1st May** and will last for roughly 20 minutes. This will leave time for children to return to class, collect their bags and be dismissed from the playground as usual.

We recommend a nightly practice on TT Rock Stars for your child so they can become as fluent as possible in this key area of mathematics.

Thank you for your continued cooperation.

Kind regards,

Mrs Reardon and the Year 4 team.
