Dear Parents and Carers,

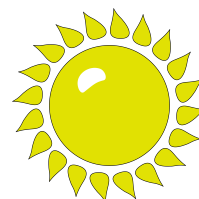

As we continue through this very hot week, I wanted to reassure you about the additional measures we have in place to help keep all children safe and comfortable in school.

Children are having regular timetabled drink breaks throughout the day, and staff will continue to remind pupils to drink water often. We are also keeping outdoor playtimes shorter where needed and ensuring children are kept in the shade as much as possible when they are outside. Our children are adapting well and showing good resilience.

A small number of children are still arriving in school without **a water bottle, sun hat or sunscreen**. Please can we work together to make sure every child is prepared for the heat.

For the rest of this week, please ensure your child comes to school wearing their PE kit each day and brings:

- A named water bottle
- A sun hat or cap
- Sunscreen applied before school

We will continue to monitor the weather closely and adapt the school day and trips where needed. Thank you for your support in helping us keep each and every child safe, well and ready to learn during the heatwave.

**Kind regards,
Mr Gouldbourne**
