RE: Jeans for Genes Day – Tuesday 30th September

Dear Parents/Carers,

We are pleased to let you know that our school will be taking part in **Jeans for Genes Day** on **Tuesday 30th September**. This nationwide event raises awareness and vital funds to support children and families across the UK who are living with genetic conditions. You can find out more about the charity at jeansforgenes.org.

On the day, pupils and staff will be invited to come to school wearing jeans and a suitable and appropriate top (football tops are acceptable) instead of their usual uniform. If your child does not have jeans or has PE on a Tuesday, school PE bottoms are fine for the day. Pupils with PE on that day can also wear jeans if they are comfy. In return, we suggest a **£1 donation per family to be brought into school**, which will go directly to *Jeans for Genes* to help improve the lives of children and families affected by genetic disorders.

This is a simple but powerful way for our school and parish to show support and make a real difference. We are looking forward to making the day fun and meaningful for pupils, teaching them about community and how we can make a difference in the lives of others.

Yours sincerely,

Mr James Gouldbourne

Headteacher
